

A new Song Call'd

WIRE IN AND GET YOUR TEA-POT

Wire in & get your tea-pot you know its all the go
 But what they really mean by it I'm shure I do not know
 The other day I went with a lady friend to sup,
 She told me to wire in and get my name up. ¶

CHORUS—

So females all both old & young who has got any tin
 Get a ticket for your teapot and quickly wire in

The other day quite togg'd up as I was walking out
 Wire in for your tea-pot the boys the all did shout,
 I met a nice young girl I treated her to gin
 And when I seen her home she told me to wirr in

That say'ing through Capel Street I next took my rout,
 And when I cross'd over Essex-bridge they rais'd a dreadful
 shout,

When I got to the big tea-shop they rais'd a dreadful din
 If you want a ticket fo your tea-pot you'd better wire in,

When I went into the shop two women there I met
 Jangling with each other on the bargains they did get,
 Says Nell your tea is better than mine my tea pot it is thin
 When salt smash'd hers upon her nose saying come wire in

On yesterday being hare up to the pop-shop I did go
 Expecting on my coat for to rise a bob or so,
 Master John behind the count'r receiv'd it with a grin,
 When I ask'd 4 bob on it he told me to wire in,

He lent me a hal a crown I dont think it was right ¶
 I went into a public-house & got into a fight,
 The police-man he collar'd me o was it not a sin,
 He dragged to the station where I had to wife-in

Before the Justis next morning I went face to face
 He says I think I've seen you before here in this place
 So to keep you from drinking & spending all your tin,
 To Harolds-cross for 14 days you'll have to wire in

So as wire in is all the go before I end my rhyme,
 Before the teapots all g. ne be sure & be in time,
 The women says the tea it is good so if you've any tin
 Get a ticket for your teapot & quickly wire in,
